

ORGANIZATIONS AND ACTIVITIES

Involvement in organizations and activities at SMSU is meant to be an educational and enjoyable experience for you. SMSU offers a variety of co-curricular activities ranging from athletics, to interest groups, to student government, to academic clubs. Most students find membership and/or participation in these activities a rewarding addition to their college years and it is the intention of the University to promote student organizations and activities as an integral part of a student's education and development.

Questions regarding organizations and activities should be directed to the staff members within the Student Activities (<https://www.smsu.edu/campuslife/studentactivities/>) and Residence Life (<https://www.smsu.edu/campuslife/residencelife/>) departments.
