The Office of Disability Services is committed to ensuring equal access to a quality education for qualified students with disabilities through the provision of reasonable academic accommodations which support University standards and academic integrity.

University policy provides for reasonable accommodations to be made for students with verified disabilities on an individualized and flexible basis as specified under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 (ADA).

DS provides accommodations to SMSU students who disclose a disability, request accommodations, and who meet eligibility criteria. We do not have specialized programs for specific types of disabilities. Students should contact DS to set up an appointment to complete a needs assessment and discuss their individual accommodation needs.
